

# EXERCICIS DE MEMÒRIA II

Estimula la memòria de treball amb aquest quadern d'exercicis!

1. Cal retallar o doblegar per la meitat tots els fulls, quedant separat el full d'observació i el full de resposta.

2. S'ha de mirar durant uns segons la figura que hi ha en el full d'observació, passar la pàgina i escriure o dibuixar el que s'ha observat.
3. Un adult pot supervisar l'activitat o el mateix infant pot tornar al full d'observació per comprovar que ho ha fet bé.

Observa ben atentament aquests números durant uns segons. Quan els hagis memoritzat, passa al full de resposta i escriu-los en el mateix ordre.

1 2 3

FULL D'OBSERVACIÓ

Recordes els tres números?
